

## Highly-Specialized Bachelors Degrees General Education Requirements/IGETC Standards *Supplemental Application Form*

**This form is to be completed ONLY by MEPN applicants holding highly specialized bachelors degrees.** This includes degrees such as Bachelor of Fine Arts (BFA), Bachelor of Music (BM), Bachelor of Engineering (BE), etc. The California public college and university systems have determined appropriate breadth and general education standards for undergraduate education. These general education standards have been incorporated into the *Intersegmental General Education Transfer Curriculum* (IGETC). Below is a list of the IGETC subject areas and the required number of units or courses required within each subject area. Coursework to fulfill the requirements **do not** have to be taken from institutions in California, but coursework in each subject area is required. **You must complete all coursework to fulfill this requirement before applying to the MEPN program.** These courses may **not** be "in progress" at the time of application.

**Instructions:** From your transcripts or course records, please identify the courses you have completed which meet the subject requirements below. Be careful to identify the college/university where each course was taken, identify classes by course number and transcript title, number of units successfully completed, letter grade earned (or P = Pass; S = Satisfactory), and the term / year the course was completed.
